Completion and filing of all documents necessary to carry out the services and supplies requested, including, but not limited to, death registration, burial or cremation permit, coroner's certificate and documentation necessary to ship the body out of the country. A death certificate issued by the BC Vital Statistics Agency is available at our location.

### Embalming of Remains \$595

This fee is in addition to basic preparation. Embalming is the process of replacing blood and bodily fluids with chemical preservatives. It is a process of sanitation, restoration and temporary preservation. Autopsy embalming and restorative practices are included in this fee. Embalming is not legally required, but may be recommended to preserve the body between the time of death and the visitation or disposition of the deceased. Our professional funeral directors will make a recommendation based on the condition of the body and expected service needs.

### Other Care and Preparation

Requires facilities for preparation/embalming/shelter. These services are performed to provide a dignified and respectful preparation for handling the deceased prior to the identification and transfer to the final disposition. These services would be performed in most situations following a death. They would include but not be limited to when there is a request for dressing the deceased, communicable illness may be involved, trauma or an autopsy has occurred, or removal of pacemaker or radioactive implant before cremation is required. There is no charge for the removal of pacemakers and radioactive implants.
